Dear Sir:

In response to the Final Office Action mailed on December 19, 2002, please amend the above captioned patent application as follows.

IN THE CLAIMS:

Please cancel pending claims 72-77, 85, 90, and 91 without prejudice to the continued prosecution of the subject matter of any or all of these claims in a continuation application.

Please amend claim 92 as follows.

1. ~~53~~  
92. (AMENDED) A method for operation of a modem system which demodulates data bursts from a plurality of remote sites using stored channel parameters for each remote site which corrects the phase shift caused by the storage of equalizer tap values, the method comprising:
